NOTIFICATION

In the wake of transition to the new normal, the Ministry of Health (MoH) will be reinforcing the surveillance system for early detection and management of COVID-19 cases. We believe we can achieve this through enhancing the coordination and collaboration among various ministries, agencies and private entities.

Therefore, the MoH would like to request all ministries, corporates, agencies, and private entities having more than 20 employees to kindly nominate one official as a COVID-19 Safety Focal Officer. The list of the nomination can be submitted through the attached google sheet as attached below:
